

# Java Developer

Since 2015, Nexttech has proven experience in providing a wide range of staff augmentation and offshore services, from initial project estimation to various IT development tasks. We also provide a wide range of onshore services for the customers with onsite consulting needs. Our clients are from Central and East European market and our focus is on Banking and Trading state of the art development projects.

We are looking for a Java developer, to work closely with the team of our partner, in the banking area. You will be managing a Java application development, while providing expertise in the full software development lifecycle, from concept and design to testing.

**Main tech:** #Java #Spring #Oracle SQL

## Key Responsibilities

- Develop new software applications from concept to finish, with regular tests and maintenance.
- Build reusable code and libraries for future use.
- Optimize applications for maximum speed and scalability.
- Recommends system solutions by comparing advantages and disadvantages of custom development and purchase alternatives.

## Which skills will drive your success?

- 3 years' experience on a similar position.
- Experience in developing web applications using at least one popular Java framework (JSP, Swing, Spring MVC)
- Profound insight of Java and JEE internals (Class loading, Memory Management, Transaction management etc.).
- Excellent knowledge of Oracle SQL and PL\_SQL.
- Familiarity with build tools such as Maven and Gradle.
- Knack for writing clean, readable Java code.
- Experience with test-driven development
- Effectively and positively collaborate, interact, and communicate with your fellow colleagues.
- Experience and in depth understanding of Agile methodology and frameworks.
- Excellent command of English (a must) and German (a nice to have).

**Rewarding aspects of the job:**

- Being part of an open and excellence-oriented team, where you can have room to influence and improve the existing processes.
- Developing your technical acumen while working side by side with experienced people.
- Joining a cozy, accommodating while highly excellence and freedom driven company.
